

# CHRIS MABRY

## Product Designer and Developer

cjmab28@gmail.com  
(931) - 510 - 8173  
Nashville, TN

I'm a **product designer** and **full-stack developer** with a love for user experience and progressive advocacy.

Check out my recent work at [cjmabry.github.io](https://cjmabry.github.io)

## Experience

August 2016 **Our Revolution**  
to Present **Lead Full-Stack Web Developer**

I lead technology at Our Revolution, a progressive non-profit and spiritual successor to Bernie 2016.

April 2016 to **Bernie 2016**  
June 2016 **Frontend Developer**

Designed and maintained websites for Bernie Sanders' historic presidential campaign.

2015 to 2016 **Chris Mabry Design**  
**Freelance Web Developer and Designer**

I designed and developed web products for a variety of clients, ranging from logo design and branding to landing pages and full-stack web applications.

2014 to 2015 **Arrister**  
**Co-Founder and CTO**

Co-founded Arrister, a custom furniture startup launched through a 14-week startup accelerator called Jumpstart Foundry. I led design and development of all web technologies, social media strategy, and launched PARSONAL, a line of custom furniture, on Kickstarter.

2012 to 2013 **2nd Look Studio**  
**Intern and Independent Contractor**

Built and launched the new responsive redesign of 2nd Look Studio's website, and cut my design teeth under the leadership of the talented Andy Chick.

## Education

2012 - 2014 **Tennessee Technological University**  
**Computer Science**

Studied computer science with a concentration on software and scientific applications for two years before leaving to co-found Arrister.
