

CHRIS MABRY

Product Designer and Developer

me@chrismabrydesign.com
(931) - 510 - 8173
Nashville, TN

I'm a **product designer** and **front-end developer** with full-stack knowledge and a love for user experience.

Check out my recent work at chrismabrydesign.com.

Experience

2015 - Present **Chris Mabry Design**
Freelance Web Developer and Designer

I design and develop web products for a variety of clients, ranging from logo design and branding to landing pages and full-stack web applications.

2014 - 2015 **Arrister**
Co-Founder and CTO

Co-founded Arrister, a custom furniture startup launched through a 14-week startup accelerator called Jumpstart Foundry. I led design and development of all web technologies, social media strategy, and launched PARSONAL, a line of custom furniture, on Kickstarter.

2012 - 2013 **2nd Look Studio**
Intern and Independent Contractor

Built and launched the new responsive redesign of 2nd Look Studio's website, and cut my design teeth under the leadership of the talented Andy Chick.

Education

2012 - 2014 **Tennessee Technological University**
Computer Science

Studied computer science with a concentration on software and scientific applications for two years before leaving to co-found Arrister.
